

## WHAT IS TTTG ?

**The Traditional Tools Group** is a club dedicated to the study, collection and use of craftsmen's tools.

The club promotes the preservation of traditional tools and skills.

Our members are interested in understanding the traditions and skills of the people who used the tools of many different trades and crafts from the earliest times to the present day. Membership of TTTG is open to all; we have tool collectors, historians, craftspeople and members of a very wide cross-section of trades and professions.

## WHERE DO WE MEET ?

**TTTG** meets at 7:30 pm on the second Tuesday of February, April, June, August, October and December in the Annie Wyatt Room of the National Trust Headquarters on Observatory Hill (the old Fort Street High School building)\*\*. There is ample free parking.

At each meeting, a guest speaker makes a presentation on traditional tools, their use and history.

\*\* Sydney, Australia

We publish a newsletter six times per year which is sent to all members in advance of meetings. The newsletter contains details of the forthcoming meeting, articles and catalogue reprints of interest to those who share our love of old tools. Many members who live outside of Sydney, and can only occasionally get to meetings, hold their membership principally for the newsletter.
